About This Game

The Basement Collection is a compilation of 9 award winning indie games by Edmund McMillen, creator of **Super Meat Boy** and **The Binding of Isaac**. All of the games featured in the collection have been revamped and updated, featuring bonus chapters, new music, art and other extras.

The Basement Collection includes:

- Aether (an exploration adventure game)
- Time Fcuk (a dark puzzle game)
- Spewer (a physics based platformer)
- Meat Boy (the super meat boy prototype)
- Grey Matter (an anti shooter)
- Coil (an experimental game)
- Triachnid (a physics based spider sim)

The collection also features 2 secret unlockable games and tons of unlockable comics, sketch books and even never before scene

stock footage from Indie Game: The Movie.

Key Features

- 8 full games, featuring new content, achievements and development extras.
- 8 unlockable extras featuring bonus games, comics, sketch books and videos.
- A full collection soundtrack, featuring over 30 full length tracks from games featured as well as fan made bonus tracks.
- Over 30 minutes of audio interviews.
- Over 20 minutes of video extras from Indie Game: The Movie, (15 minutes of never before scene footage).
- Over 15 pages of development sketches and character designs.
